New Business Pathways At Integral Systems

There's a business reorg at Integral Systems. The company has reorganized their operations, and the subsidiaries **Lumistar** and **RT Logic** will now have a third compatriot in the *space communications services group*, that being **SAT Corp.** Leading the group will be *Stuart Daughtridge* serving as both the general manager and vice president as well as RT Logic's acting President. Then, the folk responsible for the Company's *Epoch* software, **Integral Commercial Products**, will tag up with **Integral Systems Europe** and **Newpoint**, who are within the Company's commercial group. The senior vice president and general manager will be *James Kramer*, formerly the commercial products division's vice president.

Daughtridge

Kramer
